"Abriendo Caminos" - "Opening Pathways"

Cali, First City in Colombia to Implement the "Cure Violence" Model Program

Cure Violence is a teaching, training, research and assessment NGO focused on a health approach to violence prevention. Its mission is to reduce violence globally using disease control and behavior change methods. Violence behaves like a contagious problem. It is transmitted through exposure, acquired through contagious brain mechanisms and social processes, and can be effectively treated and prevented using health methods. [See more](#)
